**A New Generation of Talent Strategies, Presented By
CPS HR Consulting**

Second Annual Conference Set for February 2017

WHO: [CPS HR Consulting](#)

WHAT: After a successful inaugural event, CPS HR Consulting will be hosting its second conference at the Embassy Suites in Napa Valley, California. Organized as an educational event for public sector HR leaders, the conference will feature success stories and panels focused on leadership development and employee engagement. Attendees will be provided with tools and processes needed to develop the best employees in today's changing job market.

Conference attendees who register before Oct. 31, 2016, will receive the early bird rate of \$245, which is a \$50 savings.

WHEN: February 8-10, 2017

WHERE: Embassy Suites Napa Valley
1075 California Blvd.
Napa, CA 94559

WHY: A new generation is here and the world of work is changing. Inescapable workforce demographics are raising questions about how organizations will meet their talent needs in the future. New directions in government are requiring the public sector to assume different roles and responsibilities while shortages in leadership and skilled talent loom in the background.

Organizations are embracing technology to increase productivity, using data and metrics to make workforce decisions, focusing on diversity and inclusion, and realizing that a strong learning culture is a key to success. These workforce trends are presenting the public sector with significant talent management challenges that require a **New Generation of Talent Strategies**.

Join us in Napa to learn innovative ways of managing your workforce to enhance engagement, improve leadership and drive increased organizational performance.
